

Delete Customer Data

TechNote #284. Rev. 06.25.2020

In accordance with the California Consumer Privacy Act (CCPA), you have the ability to easily remove personally identifiable information for any individual Customer in PostalMate.

What information is removed?

For any specific Customer...

- Address
- Phone number
- Email address
- Mailbox ID information

This feature is located in **PM Utilities**. From any station, close PostalMate and CashMate and open PM Utilities.

- Click on Windows Start > PostalMate > PM Utilities
- Choose Tools > Delete Customer Data
